## KAYAKS WITH A SENSE OF PURPOSE

When I started Riot Kayaks 12 years ago, I did it because I loved to paddle and wanted to create products that would allow me and others to share the joys of being on the water.

The kayak industry sure has grown a lot since I first got into it and I've been impressed and sometimes disappointed with what has become available to paddlers. My gut feeling is that as an industry, we need to get rid of the tricks and gimmicks and focus on the true measure of success: people happily using our products. Naturally, the real value of our kayaks is not in the store, but out on the water. That's why I've focused our designs on the single purpose of providing you with the best possible paddling experience.

With these realities in mind, we have only added features to our kayaks that we deem necessary to the kayaking experience. Skegs and rudders are standard on most of our models, with emphasis also on features that make your time on the water more enjoyable or safer: like sealed bulkheads and reflective lifelines. What we didn't add are features that might look nice in a brochure, but that don't actually do much for your kayaking experience. In short, we outfitted our boats with the single purpose of providing you with the best possible experience on the water – so enjoy.

I also believe that, like many industries, we are finally waking up to the fact that the kayak industry has a responsibility to reduce our impact on the environment. With that goal front and center, Riot continues working hard in terms of reducing our environmental footprint and I'm proud to introduce kayaks made from our own recycled resin.

Throughout the kayak design process we've made a lot of careful choices. Our choices insure that when you buy a Riot kayak, you are getting a boat designed and built to enhance your paddling experience. We've chosen to manufacture kayaks made with true purpose. Now it's time to make yours.

Sincerely,

*Jeff*

## OIL & WATER PROJECT

Our paddlers come from all over the world and cover it all pretty much each year, promoting our brand in all sorts of ways, ranging from unbelievable paddling achievements to exchanging with local communities. We are very proud of our athletes, and in times where fossil energy consumption is an everyday topic, we think it is important to keep looking for new sustainable alternatives and promote existing solutions by actually proving that they work. And nobody can prove it better than Seth Warren!

In 2007, Riot paddler Seth Warren, along with his long-time friend Tyler Bradt, tackled the gigantic task of driving across the Americas without using one drop of petrol. They imported a Diesel firetruck from Japan and customized it into their own house/vehicle for this never-ending shuttle of theirs. Along the way, they paddled and surfed at dream spots, held conferences for school kids and local population about sustainable energy, and were even interviewed on TV and given a tribune at political happenings! The trip provided an enormous amount of footage that was put together in "Oil + Water – the movie", that won the Jules Verne Adventure Film Festival's best picture award, and many others since. Riot is proud to have associated its name to this amazing initiative. Congratulations Seth and Tyler, you made it!

## TABLE OF CONTENTS

TOURING	RECAP	PAGE
Touring	15.5 to 18ft / Long and slim kayaks for maximum performance and storage capacity	p. 6-7
Day Touring	10.5 to 15ft / Moderately long and wide boats for stability and convenience of transportation	p. 8-12
Recreational	9.5 to 10.5ft / Short and wide boats for maximum stability and ease of handling	p. 13
Sit On Top	9 to 12ft / Short and wide, open boats for comfortable paddling under the sun	p. 14-15
Tandem	16.5ft / Convenient and robust tandem kayak for day tripping or expeditions	p. 16
Fishing	10.5 to 12ft / Stable and roomy boats specifically equipped for fishing	p. 17
Touring Accessories	All you need to make your paddling experience safe and enjoyable	p. 18-19

WHITE WATER	RECAP	PAGE
Playboating	Short and flat kayaks that highlight your finesse on waves and holes	p. 4-5
River Play	Large and fast playboat to take advantage of features on your way downriver	p. 6
River Running	Medium-long boat to run down rivers with momentum and buoyancy	p. 7
Creeking	Long, rounded and roomy boats to run bigger waters and huck drops	p. 8
Surf Kayaking	Flat and sleek boats tailored for salt water action	p. 10-11
White Water Accessories	All you need to hit that moving water in safety and style	p. 12-13

# CONSTRUCTION

## CROSS-MAX

Using the best grade of rotomolding polyethylene, our Cross-Max process combines by-design reinforcement to the natural mechanical qualities of HDPE to provide the right equation of stiffness, weight, durability and quality of finish.

## RECYCLED CROSS-MAX

Available in dark green, our recycled plastic wholly processed in-house allows you to bring together your passion for paddling and your efforts to shrink down your consuming ecological footprint.

## SKEG

Our spring-loaded polycarbonate skeg is attached to our kayaks by an injection axis support that has the double-purpose of guiding the skeg and making the fastening completely watertight. Plus, we improved the control system by designing a ratchet slider that lets you choose through 10 positions so you can fine-tune the skeg's exposed area for better control.

# HATCH COVERS

## THERMOLITE

Light and stiff, our Thermolite cover goes on top of a self-retaining neoprene cover for better sealing, and the user-friendly bungee and hook lacing system that secures these parts to the boat also provides some extra deck rigging. Note: all specified hatch dimensions are those of the true opening.

## BIOFUSION

State-of-the-art, epoxy vacuum-bagging process that balances the resin/fiber ratio to perfection, providing light, stiff and strong kayaks with an unequaled quality of finish. So good in fact, that some delegations will be paddling kayaks made from the exact same process during the 2008 olympics.

## CROSS-LIGHT

A vacuum-forming technology that created the best cross-over of rotomolding and composite advantages, the Cross-light uses sheets of ABS capped with a cosmetic coat of acrylic to produce rugged and stiff kayaks, light in weight and with a durable, glossy finish.

## PILOT RUDDER

Now in glass-reinforced Injection plastic, the Pilot rudder has become lighter and stronger, with a new profiled blade. Of course we retained the low-windage openwork design, the vibration-dampening rubberized V-block and the oval pulleys that made our Pilot rudder system well known for its smoothness of action.

## DUAL DENSITY

A snap to remove and to put back on, the dual density hatch cover provides a sleek and sure way to seal your kayak's compartments. Permanently attached to the kayak through a bungee cord, and made of soft rubber molded around a stiff central insert so water pressure can't flex it in. Note: all specified hatch dimensions are those of the true opening.

# SEATING

## CONTOUR FIT

Our molded-in seating system welcomes you with a cushy, compression-molded seat pad and our proven conforming touring backrest, both covered with the best U-V treated, abrasion-resistant fabric. Set the backrest at the perfect height for you and then one cam buckle conveniently located in front of the seat will allow you to find your preferred back angle: simply pull on the strap and the backrest wraps around your back for more support. Or press the cam buckle tab for a more laid back approach to this afternoon on the lake.

## ADVANCED CONTOUR FIT

All the comfort we just talked about, coating our LCG (Low Center of Gravity) thermoformed seat base. The back angle adjustment is made through our whitewater-proven ratchet system for more convenience and precision of setting. Fully adjustable touring hip pads complete the package so you're taken care of on all sides.

## HIGH-PERFORMANCE CONTOUR FIT

Think of our Advanced Contour Fit, but enhanced with our low-profile whitewater backrest. The High-Performance Contour Fit maximizes your torso's range of motion to ease rolling and more advanced maneuvers, without trading off on comfort.

## SIT-ON-TOP SEAT

With four attachment points, mounted on independently adjustable straps, our comfortable sit-on-top high back and seat combo lets you customize your position to perfection in just a minute, and stays put whatever the conditions.

## IMPULSE THIGHBRACE

Made of a light and stiff thermoformed polyethylene shell, the Impulse thighbrace system will make you appreciate the full range of possibilities our kayaks have to offer. Rounded inside to ease entry and exit and padded with comfy, non-slip minicell sheet for maximum comfort and control.

## SUREGRIP THIGHBRACE

The result of an ergonomic study based on efficient paddling body posture and the latest anthropometric data, the Suregrip is our most advanced thighbrace design. Its pronounced hook shape is combined to a rounded inner edge to facilitate entry and exit, while providing an unequaled efficiency through its non-slip neoprene outer layer, covering the whole knee area.

## AURA 18

A classic, standing on its own, the Aura has set the bar high both in terms of performance and construction for British sea kayaks. Its length, moderate rocker and semi-hard chine make for a blinding fast and versatile hull that's home anywhere, be it flatwater or the toughest conditions the sea can bring you. And you will leave with a smile on your face either way.

Length	Width	Depth	Weight	Cockpit Dims	Front Hatch	Rear Hatch	Day Hatch	Front Hatch vol.	Rear Hatch vol.	Max displ.

### FEATURES:

- ✓ Composite seat base with floating backband
- ✓ Integrated thighbraces
- ✓ Quick-lock footbraces
- ✓ Retractable Skeg
- ✓ 1 Front and 2 Rear bulkheads (3 compartments)
- ✓ Dual density hatch covers + day hatch cover
- ✓ Reflective lifeline
- ✓ Fore deck shock cord storage
- ✓ Touring handles

## LIBERTY 16

Built for speed, or for comfort? The answer is usually obvious, but not in this case: the Liberty can fly like a bullet, yet is amazingly comfortable to handle for entry-level paddlers. Shallow-v bottom and low chines provide that, and combined to a smooth outline, reduce the drag and make the waterline entry and exit as streamlined as can be. The low deck is fully equipped with lifelines, on-deck storage and this bright and classy finish that says: "Riot Cross-Light construction!"

### FEATURES:

- ✓ High-Performance Contour Fit outfitting
- ✓ Suregrip thighbraces
- ✓ Quick-lock footbraces
- ✓ Retractable Skeg
- ✓ 1 Front and 2 Rear bulkheads (3 compartments)
- ✓ Dual density hatch covers + day hatch cover
- ✓ Reflective lifeline
- ✓ Fore deck shock cord storage
- ✓ Paddle hook
- ✓ Security bar
- ✓ Safety straps
- ✓ Touring handles

NOTE: Rudder version comes with adjustable sliding footbraces.

## BRITTANY 16.5

Our proven, award-winning British-style sea kayak, the Brittany's reputation speaks for itself: fast, agile and yet accessible to paddlers of all skills, its stability instantly makes you feel at ease while its moderate width make it possible for expert paddlers to express all the subtlety that is possible to bring in fine sea kayak handling. Plenty of deck storage, compass recess, lifelines and safety straps complete the package, in all due respect for the tradition of elegance the Brittany belongs to.

Length	Width	Depth	Weight	Cockpit Dims	Front Hatch	Rear Hatch	Day Hatch	Front Hatch vol.	Rear Hatch vol.	Max displ.

### FEATURES:

- ✓ High-Performance Contour Fit outfitting
- ✓ Suregrip thighbraces
- ✓ Quick-lock footbraces
- ✓ Retractable Skeg
- ✓ 1 Front and 2 Rear bulkheads (3 compartments)
- ✓ Dual density hatch covers + day hatch cover
- ✓ Reflective lifeline
- ✓ Fore deck shock cord storage
- ✓ Paddle hook
- ✓ Security bar
- ✓ Safety straps
- ✓ Touring handles

NOTE: Also available with rudder: then it comes with adjustable sliding footbraces.

## EVASION 15.5

The only true hybrid of rec and sea kayak, the Evasion has the distinctive concave multi-chine hull design that has led our kayakers in the durability hall-of-fame, yet with the finesse it takes to keep up with the best greenlanders in terms of speed and tracking. Cap that with a low, sleek deck and plenty of rigging, and you've got a very functional and exciting unit.

### TOURLITE 13

Literally a short sea kayak, the Tourlite 13 has all it takes to travel far, minus the hassle of carrying and storing a long unit. Lifeline, front and rear deck rigging and large watertight compartments with flush deck covers enable you to safely stow all your gear while its rudder and multi-chine hull make it fast and agile, dodging waves just as well as his big brothers.

Length	Width	Depth	Weight	Cockpit Dims	Front Hatch	Rear Hatch	Day Hatch	Front Hatch vol.	Rear Hatch vol.	Max displ.
12'8" 386 cm	24.5" 62 cm	12.5" 32 cm	43 lbs 19.5 kg	30.5" x 19.5" 78 x 50 cm	14.5" x 8.25" 37 x 21 cm	22.5" x 12.5" 57 x 32 cm	---	19 US gal 72 L	23 US gal 87 L	275 lbs 125 kg

### FEATURES:

- ✓ Advanced Contour Fit outfitting
- ✓ Suregrip thighbraces
- ✓ Adjustable sliding footbraces
- ✓ Pilot rudder system
- ✓ Front and Rear bulkheads
- ✓ Flush-deck hatch covers
- ✓ Reflective lifeline
- ✓ Fore deck shock cord storage
- ✓ Touring handles

### TOURLITE 15

With a pronounced rocker, thin ends and multi-chine hull, the Tourlite15 has this lively style and hull speed you'd only expect from kayaks three feet longer. It's very agile in rough conditions, yet glides effortlessly on mirror-like waters, but it's not only a hull: with watertight compartments, deck rigging and safety straps, it's got all it takes on top of the water for safe and convenient multi-day expeditions.

Length	Width	Depth	Weight	Cockpit Dims	Front Hatch	Rear Hatch	Day Hatch	Front Hatch vol.	Rear Hatch vol.	Max displ.
14'6" 442 cm	23" 58 cm	12" 31 cm	46 lbs 21 kg	30.5" x 19.5" 78 x 50 cm	14.5" x 8.25" 37 x 21 cm	22.5" x 12.5" 57 x 32 cm	---	17 US gal 64 L	28 US gal 106 L	300 lbs 136 kg

### FEATURES:

### LITE 12

The flat bottom and low chines of the Lite 12 create a lot of stability, and a low draft that makes it fast, responsive and roomy enough to carry your gear for the day. With its front flotation bag, racy deck styling and bright finish, you'll turn heads as if you were cruising down the main in a roadster!

Length	Width	Depth	Weight	Cockpit Dims	Front Hatch	Rear Hatch	Day Hatch	Front Hatch vol.	Rear Hatch vol.	Max displ.
12' 266 cm	23.75" 60 cm	12" 31 cm	39 lbs 18 kg	38" x 20" 97 x 51 cm	---	16.75" x 9" 43 x 23 cm	---	---	18 US gal 68 L	250 lbs 113 kg

### FEATURES:

- ✓ Advanced Contour Fit outfitting
- ✓ Integrated thighbraces
- ✓ Quick-lock adjustable footbraces
- ✓ Retractable Skeg
- ✓ Rear bulkhead
- ✓ Dual-density hatch cover
- ✓ Fore deck shock cord storage
- ✓ Paddle hook
- ✓ Security bar
- ✓ Touring handles
- ✓ Front flotation bag

### LITE 13

Don't bother asking why your fellow paddlers give you those jealous looks. The modern style and the speed of the Lite 13 don't betray its stable, predictable handling and its clever blend of essentials like a front flotation bag, a security bar and elegant front deck rigging. That leaves plenty of room for your confidence and grace to shine through.

Length	Width	Depth	Weight	Cockpit Dims	Front Hatch	Rear Hatch	Day Hatch	Front Hatch vol.	Rear Hatch vol.	Max displ.
13" 396 cm	24.5" 62 cm	12.5" 32 cm	41 lbs 18.6 kg	38" x 20" 97 x 51 cm	---	16.75" x 9" 43 x 23 cm	---	---	19.6 US gal 74 L	300 lbs 143 kg

### FEATURES:

- ✓ Advanced Contour Fit outfitting
- ✓ Integrated thighbraces
- ✓ Quick-lock adjustable footbraces
- ✓ Retractable Skeg
- ✓ Rear bulkhead
- ✓ Dual-density hatch cover
- ✓ Fore deck shock cord storage
- ✓ Paddle hook
- ✓ Security bar
- ✓ Touring handles
- ✓ Front flotation bag

## EDGE 10.5

Low on the water, the stable and agile Edge 10.5 literally feels like a shrunk-down sea kayak. Thanks to its progressive chine and a generous, yet sleek outline. The integrated keel makes its hull stiff and the skeg lets it focus on destination, while the front deck rigging and rear watertight compartment take care of your belongings.

Length	Width	Depth	Weight	Cockpit Dims	Front Hatch	Rear Hatch	Day Hatch	Front Hatch vol.	Rear Hatch vol.	Max displ.
10'6" 320 cm	27" 69 cm	12.5" 32 cm	42 lbs 19 kg	36.5" x 19.5" 93 x 50 cm	---	15.75" x 8.13" 41 x 21 cm	---	---	16 US gal 61 L	275 lbs 125 kg

## FEATURES:

- ✓ Contour Fit outfitting
- ✓ Integrated thighbraces
- ✓ Quick-lock adjustable footbraces
- ✓ Retractable Skeg
- ✓ Rear bulkhead
- ✓ Dual-density hatch cover
- ✓ Fore deck shock cord storage
- ✓ Paddle hook
- ✓ Security bar
- ✓ Flush mount rod holder
- ✓ Drainplug
- ✓ Front flotation bag

## EDGE 12.5

With an eye-pleasing low deck profile so you don't feel lost inside, and a package of features that would make any sea kayak blush with envy, the Edge 12.5 brings together harmony of shape and relevancy of features. Its hull offers a nice blend of primary and secondary stability, so you'll be comfortable immediately, in a boat that will grow with you.

Length	Width	Depth	Weight	Cockpit Dims	Front Hatch	Rear Hatch	Day Hatch	Front Hatch vol.	Rear Hatch vol.	Max displ.
12'6" 381 cm	25" 64 cm	12" 31 cm	44 lbs 20 kg	36.5" x 19.5" 94 x 50 cm	15.75" x 8.13" 40 x 21 cm	15.75" x 8.13" 40 x 21 cm	---	12 US gal 47 L	20 US gal 76 L	300 lbs 136 kg

## FEATURES:

- ✓ Contour Fit outfitting
- ✓ Integrated thighbraces
- ✓ Quick-lock adjustable footbraces
- ✓ Retractable Skeg
- ✓ Front and Rear bulkheads
- ✓ Dual-density hatch covers
- ✓ Reflective lifeline
- ✓ Fore deck shock cord storage
- ✓ Paddle hook
- ✓ Security bar
- ✓ Flush mount rod holder
- ✓ Drainplug

## EDGE 14.5

With its slender bow and slim deck profile, the rudder-equipped Edge 14.5 is where elegance and efficiency cross paths: it has just the right amount of chine and keel to make it track well, yet with a swift and versatile character. And to top that off, most of the features serious sea kayakers call their own, minus the snob part.

Length	Width	Depth	Weight	Cockpit Dims	Front Hatch	Rear Hatch	Day Hatch	Front Hatch vol.	Rear Hatch vol.	Max displ.
14'6" 442 cm	22.5" 57 cm	12" 31 cm	47 lbs 21 kg	36.5" x 19.5" 95 x 50 cm	15.75" x 8.13" 40 x 21 cm	15.75" x 8.13" 40 x 21 cm	---	14.6 US gal 55 L	24 US gal 91 L	325 lbs 147 kg

## FEATURES:

- ✓ Contour Fit outfitting
- ✓ Integrated thighbraces
- ✓ Adjustable sliding footbraces
- ✓ Pilot rudder system
- ✓ Front and Rear bulkheads
- ✓ Dual-density hatch covers
- ✓ Reflective lifeline
- ✓ Fore deck shock cord storage
- ✓ Paddle hook
- ✓ Security bar
- ✓ Flush mount rod holder
- ✓ Drainplug

## ENDURO 12

Wide and stable, the Enduro 12 is all about safety and cargo capacity. Its gently grooved hull and integrated skeg have durability and tracking well blended, while the structured deck, large cockpit with thighbraces and front and rear watertight compartments allow you to use it in a wide range of adventures, from simply cruising around to carrying all your gear to tackle that elusive bass you saw on the other side of the bay.

Length	Width	Depth	Weight	Cockpit Dims	Front Hatch	Rear Hatch	Day Hatch	Front Hatch vol.	Rear Hatch vol.	Max displ.
12' 366 cm	28" 71 cm	13" 33 cm	44 lbs 20 kg	38" x 20" 97 x 51 cm	15.75" x 8.13" 40 x 21 cm	15.75" x 8.13" 40 x 21 cm	---	15 US gal 57 L	22 US gal 83 L	350 lbs 159 kg

- ✓ Quick-lock adjustable footbraces
- ✓ Retractable Skeg
- ✓ Front and Rear bulkheads
- ✓ Dual-density hatch covers
- ✓ Fore deck shock cord storage
- ✓ Paddle hook
- ✓ Security bar
- ✓ Flush mount rod holder
- ✓ Drainplug

## ENDURO 13

A bit of front deck rigging, a rod holder and two watertight hatches was just what it took to complete this racy kayak's list of offerings. Amongst other items are speed, amazing secondary stability and tracking, thanks to a streamline, grooved hull that brings this fairly short kayak to life so it can stand its ground with much longer units.

Length	Width	Depth	Weight	Cockpit Dims	Front Hatch	Rear Hatch	Day Hatch	Front Hatch vol.	Rear Hatch vol.	Max displ.

- ✓ Flush mount rod holder
- ✓ Drainplug

## ENDURO 14

Close your eyes and you will think you are handling the finest of sea kayaks. Open them and you will find yourself surrounded with just the soundest features to properly enjoy a day on the water: watertight compartments, front deck rigging, paddle hook, rudder and, a unique, racy style that will make you vow you'll never close your eyes again on the Enduro 14.

## QUEST 9.5

With its wide and stable double-arch hull design and roomy cockpit, the Quest 9.5 is the boat of choice for an exciting afternoon on the lake! The hull grooves are responsible for its tracking qualities and the great durability the Quest series is known for, while its short length keeps it maneuverable and makes it easy to load on a vehicle.

Length	Width	Depth	Weight	Cockpit Dims	Front Hatch	Rear Hatch	Day Hatch	Front Hatch volume

## ESCAPE 9

Stackable and easy to lock up through the molded-in front handle, the Escape 9 is the boat of choice for the chalet or to complement your rental fleet. Its arched hull design with drain holes make it a convenient, durable and agile kayak, fast for its length and is a blast to take in the surf too!

Length	Width	Depth	Weight	Cockpit Dims	Front Hatch	Rear Hatch	Day Hatch	Front Hatch vol.	Rear Hatch vol.	Max displ.
9' 274 cm	29" 74 cm	---	37 lbs 17 kg	---	---	---	5" dia. 13 cm dia.	---	---	250 lbs 113 kg

### FEATURES:

- ✓ Sit-on-top high back outfitting
- ✓ Molded-in footrests
- ✓ 5" Day hatch
- ✓ Rear deck shock cord storage
- ✓ Drainplug
- ✓ Cup holder
- ✓ Three rubber handles & one molded-in anti-theft handle.

## CRYSTAL 10.5

Offering good stability without being too wide, the Crystal 10.5 is one of the most nimble short sit-on-tops around. Its multi-chine hull design make it tough and quick, while the ergonomic, high backrest will let you paddle for hours without pain, leaving you plenty of time to enjoy the spectacle of the sea life.

Length	Width	Depth	Weight	Cockpit Dims	Front Hatch	Rear Hatch	Day Hatch	Front Hatch vol.	Rear Hatch vol.	Max displ.
10'6" 320 cm	28" 71 cm	---	49 lbs 22 kg	---	---	---	---	---	---	250 lbs 113 kg

### FEATURES:

- ✓ Two screw-in deck plates
- ✓ Lifeline
- ✓ Stern gear strap
- ✓ Accessory D-rings
- ✓ Drainplug
- ✓ Bow and stern carry handles + lateral molded grab loops

## ESCAPADE DUO 12

Question: What do you prefer: a casual paddle under the sun with your better half, snorkeling along the reef, having a good laugh playing in the surf or simply enjoying a quiet, solo paddle at sunset? Tough choice, isn't it? Not anymore! The Escapade Duo 12 will allow you to answer "All of the above" with its stable and agile hull and duo/solo seating configuration, you'll be able to do it all, and even more!

Length	Width	Depth	Weight	Cockpit Dims	Front Hatch	Rear Hatch	Day Hatch	Front Hatch vol.	Rear Hatch vol.	Max displ.
12'2" 370 cm	34" 88 cm	---	66 lbs 30 kg	---	---	---	---	---	---	484 lbs 220 kg

- ✓ Anchor cleat
- ✓ Baitbox station
- ✓ Drainplug
- ✓ Front flotation bag

## ENDURO 12 ANGLER

You asked for more storage capacity, flotation and sealed bulkheads. We picked your wish-list and outlined our fishing trip dream-machine. That gave birth to a true work horse, with two sealed compartments, so you can bring both your fishing and camping gear and set yourself for the most exciting fishing campaign of your life: you'll silently access remote coves and otherwise unreachable eddies, while being completely autonomous and free to move anywhere, or to simply hold on to your position, as long as needed...

# TOURING ACCESSORIES

Photographer: Glenn Mattsing

## SKIRT STANDARD

3mm tough faced neoprene with latex reinforcing on top. Blind stitched and latex sealed seam construction throughout. Seamless, shockcord style deck section.

- ✓ Waist Sizes: S/M, L/XL
- ✓ Deck Sizes: Large & XL

## SKIRT NYLON WITH SHOULDER STRAP

Tough PVC nylon. Double sewn and fully tapered seam construction. Adjustable cockpit shockcord style deck. Elastic drawcord waist and single webbing shoulder strap.

- ✓ Waist Sizes: One size fits all
- ✓ Deck Sizes: Large & XL

## SKIRT TOURING (NEO-NYLON)

3mm tough faced neoprene skirt with tough PVC nylon waist tube. With elastic drawcord and two adjustable shoulder straps.

- ✓ Waist Sizes: one size adjustable
- ✓ Deck Sizes: Large

## COCKPIT COVER

Tough PVC nylon. Double-sewn construction. Tighten with cockpit shockcord.

- ✓ Deck Sizes: Large & XL

## INFLATABLE PADDLE FLOAT

Rolls up into a small package and features a well retaining mesh blade pocket and efficient, one-way mouth valve.

## J-BAR FOR CARTOP RACK

With their rugged steel construction and quick assembly method, the J-Bars simplify your life when comes the time to load/unload your kayak on your car. They will also protect your boat's hull against warping. Vinyl sleeves prevent steel bar from scratching the kayak hull while reducing slippage. Sold in pair.

## FOAM BLOCK + STRAP KIT

Two 3" x 3" x 14" grooved minicel foam blocks, with a set of two 9' tough webbing straps with Non slip steel cam buckle and protective tarp pads.

## PADDLE LEASH

A 12"-long spiraled bungee cord that expands to 5' at full extension. With velcro loop to secure paddle, and snap-hook at the other end, to clip on eyestraps or any ring-type attachment point.

## ROOFRACK STRAPS

Tough webbing straps. Non slip steel cam buckles with tarp pads to protect your car and kayaks!

- ✓ Lengths: 9'10"/3m; 16'5"/5m

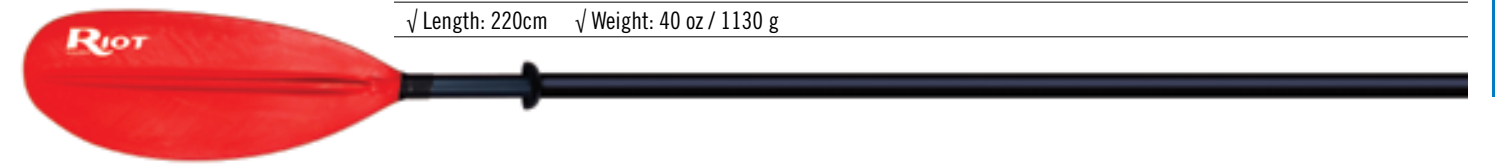

## KAYAK BUGGY

Inflatable all-terrain wheels easy to put on/take off. Folds up to fit in most kayak hatches. Kayak straps in easily. Comes in two sizes: touring or canoe/rec.

## DISTANCE

Tough polymer fiberglass reinforced blades partnered with an aluminum 2-piece shaft make the Distance touring paddle an excellent combination of strength and price. 30° left, 0 or 30° right blade offset adjustment.

- ✓ Length: 220cm
- ✓ Weight: 40 oz / 1130 g

## MARATHON

Marathon Reinforced, carbon blades make the Marathon stiff and durable. Featuring a wound fiberglass shaft with ovalized control hand. 30° left, 0 or 30° right blade offset adjustment.

- ✓ Length: 220cm
- ✓ Weight: 35 oz / 992 g

## CREST FIBER

Elegant foam-cored translucent fiberglass blades with a 2-piece fiberglass-wound shaft. Three angle positions: 30° right and left hand, and neutral.

- ✓ Length: 220cm
- ✓ Weight: 32oz / 920g

## CREST CARBON

Full-carbon, clear-coated high-tech looking touring blades, with 2-piece carbon-wound shaft with three angle positions: 30° right and left hand, and neutral.

- ✓ Length: 220cm
- ✓ Weight: 30oz / 860g

## WING 2 PCS

Show your olympian side with this 2-piece full-carbon wing paddle! Lightweight and tough construction with three angle positions: 30° right and left hand, and neutral.

- ✓ Length: 220cm
- ✓ Weight: 30oz / 840g

**NOTE:** For deck sizes: Large fits Edge, Tour Lite, Evasion, Liberty, Brittany, Polarity, Ultima. XL fits all other kayaks.
